Your child can transfer to a school that offers bilingual special education services or a bilingual classroom.

Tell the school that you would like to transfer your child or email BSEprograms@schools.nyc.gov

If a transfer is not possible, your child might stay in an English-only class and be assigned an alternate placement paraprofessional who will interpret for your child in class.

Your child should continue to receive ENL.

관련 서비스 승인

There are a limited number of bilingual clinicians, such as speech therapists and psychologists in NYC public schools.

Not all schools can provide related services in your child's home language.

The DOE can give you a Related Service Authorization (RSA) to be able to get bilingual related services outside of school.

RSAs allow parents to choose an independent provider to provide these services, and the DOE will pay for them.

Issues with related services?

- Email: relatedservices@schools.nyc.gov

학부모 권리:

- Say yes or no to special education
- Ask for new evaluations, including independent bilingual evaluations
- Fully participate in all IEP meetings
- Have the DOE provide an interpreter who speaks your language and have the DOE translate documents
- Get notice in writing *before* the school changes a child's IEP or services
